Admissions in St. Francis Institute of Technology

Disclaimer:

The Director of 'St. Francis Institute of Technology' is the "Admission" authority for admissions to any course (UG and PG) in the College. We have rumors that there are individuals going about, who claim to be agents for admissions to St. Francis Institute of Technology, which is false and unethical and totally opposed to our professed values and principles. Anyone having any dealings with such unscrupulous people does it at his / her own risk.

Further, I would earnestly request, as a service to the institute and the general public at large, to bring to my notice any such suspicious character with details.

Director
St. Francis Institute of Technology
Tel: 2892 8585, 2890 8585
